

S&S Lab Exam Instructions-Sp26

1. **Weightage:** 30%
2. **Exam Schedule:** Week 16
3. Only Lab manuals will be allowed and they will be provided to you; solution manuals are strictly prohibited.
4. MATLAB Help and MATLAB documentation are allowed.
5. If a student is found using any unauthorized material, he/she will be given a straight '0' immediately.
6. Students must use lab systems for the exam; personal laptops are not allowed.
7. Access to LMS and internet will not be permitted during the exam.
8. Students will work on a .mlx file, and a PDF file must be generated for final submission.
9. Arrive at the lab 10 minutes early to log into your workstations and open MATLAB. The exam will start promptly at the scheduled time.
